

Effective Presentations
Infographic Project
Total Class Time: 90 minutes

GPS Standards:

BMA-BT- 1.2 Demonstrate creativity by asking challenging questions and applying innovative procedures and methods.

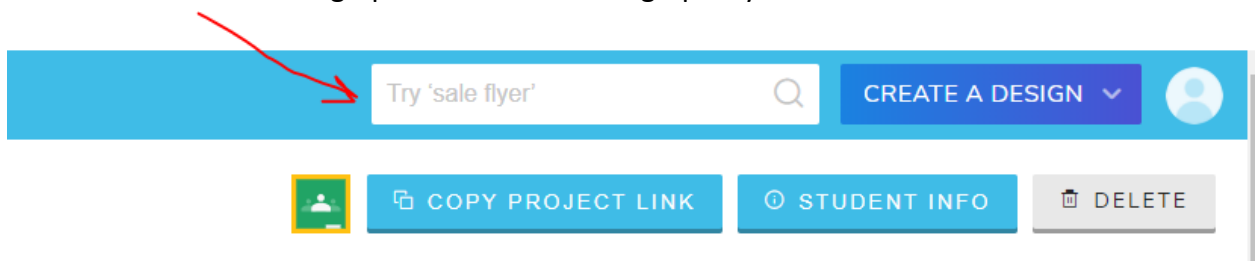

BMA-BT 3.6 Present technical information to customers in format for ease of understanding.

Objectives:

- Students will learn the difference between a good and bad presentation.
- Students will learn the importance of good presentation and communication skills.
- Students will design and create an infographic to give presentation tips for ease of understanding.

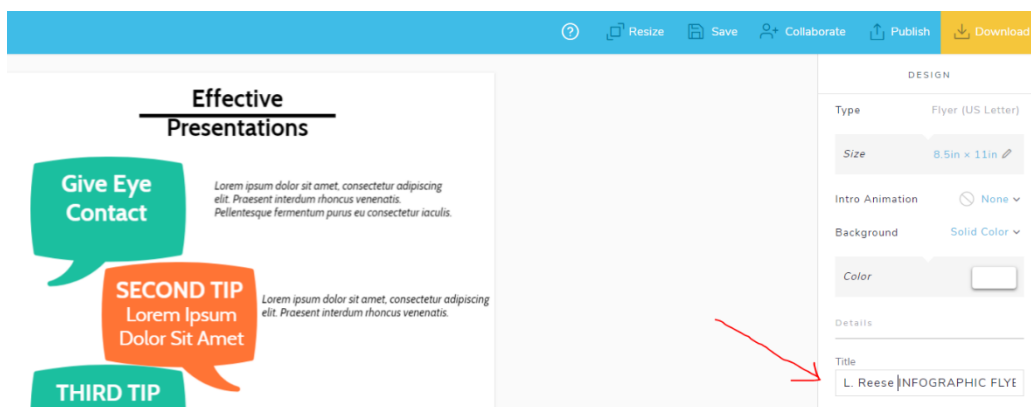

Directions:

1. Review the following videos on creating Effective Presentations:
 - a. [How to Design an Effective Presentation](#)
 - b. [Bad and Good Examples of presentations video](#)
 - c. [Good Presentations vs. Bad Presentations](#)
2. **Create an infographic on tips for creating and/or presenting an effective presentation.** Use the website: [PosterMyWall](#) to create your infographic
3. Search for the word “Infographics” to find an infographic you would like to use.

Be sure to include the following in your infographic:

- Include a heading such as: “Tips for an Effective Presentation”
- At least 5 tips on creating and/or presenting an effective presentation
- A short description of each tip
- Images/graphics
- Add your name, block, and date at the bottom of the infographic.
- Add links to any website resources that you used to gather your images and facts.
- Add your first initial and last name to the Title of the Infographic

See [Example Infographic](#) for reference.

- Download and save the infographic to your computer. Upload the infographic to the appropriate assignment area in Google Classroom.
