Use pictures. Students will be asked to be creative when it comes to this PowerPoint, they'll come up with their own guidelines that they feel helps with communicating in different environments.

You should provide examples with where and how you use communication within your personal life within your professional life or extracurricular activities (sports, band, hanging with friends). With 6 being the minimum number of slides, students will also be given the opportunity to receive extra points by creating a Tik-Tok displaying effective communication (video can range from 30 seconds - 3 mins).
