

## FBLA CREED

### Standard: 10.1 Explain the goals, mission and objectives of Future Business Leaders of America.

Directions: Research the FBLA Creed and write a response in reference to what the creed means to you. How can you relate the creed to your personal life and within a business industry? Use the AEC strategy below. AEC stands for an **Assertion** (what are you trying to prove, what do you think about the topic, what inferences can you draw from the creed?) **Evidence** (what can you use to show evidence?) **Commentary** (explains how the evidence proves the assertion to be true).

The FBLA Creed relates to my life because it conveys that everyone can whatever they want as long as they work for it. In the creed it states that "Every person should actively work toward improving social, political, community, and family life."This means that as long as you want to do and put the work in you can accomplish anything.

Good job DiNya, that's a very relatable statement in the creed to me as well.
