COURSE SYLLABUS

3DE Program at
School of Liberal Studies at Savannah High School

Pre-requisites: Advisor Approval	Business & Technology Pathway Introduction to Business & Technology Business & Technology Business Communications
---	---

Course Description (adapted from GeorgiaStandards.org):

Introduction to Business & Technology is the foundational course for Business and Technology, Entrepreneurship, and Human Resources Management pathways. The course is designed for high school students as a gateway to the career pathways above, and provides an overview of business and technology skills required for today's business environment. Knowledge of business principles, the impact of financial decisions, and technology proficiencies demanded by business combine to establish the elements of this course. Emphasis is placed on developing proficient fundamental computer skills required for all career pathways. Students will learn essentials for working in a business environment, managing a business, and owning a business.

Employability skills are integrated into activities, tasks, and projects throughout the course standards to demonstrate the skills required by business and industry. Competencies in the co-curricular student organization, Future Business Leaders of America (FBLA), are integral components of both the employability skills standards and content standards for this course.

After mastery of the standards in this course, students should be prepared to earn an industry recognized credential: Microsoft Office Specialist for Word Core Certification. The prerequisite for this course is advisor approval.

Career Opportunities

The Business & Technology Career Pathway prepares students for every occupation. Specific relevant careers include the support service industry which include but not limited to:

- **Administrative Services Managers**
- **Database Administrators**
- **Management Analysts**
- **Legal Secretaries**
- **Medical Secretaries**
- **Computer & Information Systems Managers**

3DE Program

3DE aims to accelerate students' social and academic outcomes through learning that builds the knowledge, skills and confidence to thrive. 3DE is dedicated to applying solutions to real world problems and instilling a mindset of greatness in our Blue Jacket community.

Throughout the 3DE program, students will have different case challenges/studies in which they will be challenged to solve a real-world problem using case methodology. The case challenge will be incorporated into the Intro to Business & Technology curriculum, and students will receive a grade for each 3DE Case Challenge.

Materials:

- 3-ring binder

2. Showing kindness and consideration.
3. Accepting others for who they are.
4. Refraining from posting inappropriate material or language

RESPONSIBILITY

1. Being in control of your own behavior.
2. Having your work finished on time.
3. Doing your part when working together.
4. Refraining from posting personal information online

EFFORT

1. Achieving goals through commitment and hard work.
2. Giving your best in everything you choose to do.
3. Trying without giving up or giving in.
4. Making the most of every opportunity.

ATTITUDE

Strive to keep a positive attitude. Everyone has bad days. Don't let a bad day, make you a bad person to be around.

Attitude

"The longer I live, the more I realize the impact of attitude on my life. Attitude, to me, is more important than facts. It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company ... a church ... a home. The remarkable thing is we have a choice every day regarding the attitude we will embrace for that day. We cannot change our past ... we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the string we have, and that is our attitude ... I am convinced that life is ten percent what happens to me and ninety percent how I react to it. And so it is with you ... we are in charge of our attitudes."

AEC WRITING STRATEGY

	Distinguished	Proficient	Developing	Beginning
Assertion	Assertion directly addresses the prompt, is arguable, clearly and compellingly communicates writer's position, and is thoughtfully constructed.	Assertion clearly states writer's position, is arguable, and directly addresses the prompt.	Assertion is attempted but may be incomplete or unclear.	Assertion is missing or does not effectively address the prompt.
Evidence	Evidence is well chosen, seamlessly incorporated, relevant, specific, and correctly cited if needed.	Evidence is relevant but could be more specific in places. Evidence is generally correctly cited if needed.	Evidence is present but may not adequately relate to the assertion.	Evidence is missing or irrelevant.
Commentary	Commentary is insightful and effectively demonstrates how the evidence supports the assertion.	Commentary explains how the evidence supports the assertion.	Commentary is attempted, but writer sometimes substitutes summary for commentary. Some commentary may not directly connect evidence to assertion.	Commentary is missing, entirely summary, or unrelated to assertion and evidence.
Conventions	Writing has virtually no errors in conventions.	Writing has 1 or 2 errors in conventions that do not detract from quality or effectiveness.	Writing has several errors that may detract from quality or effectiveness.	Writing has significant errors that are distracting and that detract from quality and understanding.
