

Career Plan

Name: Armone' Graham

Self-Assessment (This section is filled-in during Unit 1, Lesson 2.)

Holland Code: a/c /rci
Educational Goal: Bachelor's degree

Occupation (This section is filled-in during Unit 1, Lesson 6.)

Note: During Unit 1, Lessons 3-5, you will research and fill-in the Occupation Research sheet with three occupations that you find interesting. During Lesson 6, you will choose the most interesting of the three occupations and copy its information here.

Occupation Title:
software quality assurance analysts and testers
computer science/engineering
SOC Code: 15-1253.00

Why I selected this occupation: I selected this occupation because I love to play games and learn how to code.

What They Do	Develop and execute software tests to identify software problems and their causes. Test system modifications to prepare for implementation. Document software and application defects using a bug tracking system and report defects to software or web developers. Create and maintain databases of known defects. May participate in software design reviews to provide input on functional requirements, operational characteristics, product designs, and schedules.
Work Environment	Many software developers, quality assurance analysts, and testers work in computer systems design and related services, in manufacturing, or for software publishers. They often work in offices and on teams with other software developers or quality assurance analysts and testers.
Work Schedule	Prospective testers can look forward to a strong work/life balance. Most jobs require the standard 40 hours per week. Some amount of overtime can be expected though as development deadlines near and unexpected bugs or technical issues are found.

The career plan was greatly detailed. I love that you goals derived from your passion. Passion drives success and I know that you will fulfill your dreams. Be sure to secure scholarship this year as it's your junior year. This will help eliminate some of those long-term barriers. See Ms. Cooper for additional information on scholarship opportunities. Be sure to check your grammatical errors. Awesome Job on the assignment.

The highlighted (red) indicates that you have met the smart goals.
