Plan Your Achievement Showcase

GPS Standard: BMA-BT-2.3 Create a digital (online) portfolio (a collection of work) to showcase knowledge and skills learned throughout pathway courses

Map out content to include in your own e-portfolio. Answer the questions and use your career and educational goals to identify achievements and evidence to showcase in your e-portfolio.

- 1) What is my long-term career goal?
Real Estate Agent
- 2) What skills and interests do I have that relate to that goal that I can highlight in my About Me section?
Skill I have about real estate agent I'm good at Problem-Solving Skills
- 3) What general materials do I have that I know I want to include in my e-portfolio?
My Comfortable and Problem solving skills

- 4) In the table, list the following:
 - Short-term academic and employment achievements that you need to reach your overall goal (for example, take extra science classes, graduate with at least a 3.0 grade point average, find a job in a pet store or with a pet-sitting service, volunteer at local animal shelter, etc.)
 - Skills that you might need to reach your goal (for example, being comfortable with different kinds of animals, being able to talk to pet owners)
 - Evidence or artifacts that demonstrate your achievements or skills (include evidence that you will gather in the future as well as evidence that you already have)
 - Target date for getting the evidence into your e-portfolio

Achievement or Skill to Showcase	Evidence or Artifacts	Target Date
